House of Representatives

Dear Colleagues,

One year ago, you placed your trust in me to serve as Ranking Member of the House Committee on Oversight and Government Reform. Today, with Democrats having won a historic House majority, I ask for your support to serve as Chairman of the Oversight Committee.

When billionaires and powerful corporations rig the system, working families pay the price. The President and his family are enriching themselves and their donors while Americans struggle to pay for gas, food, and rent. Enough is enough. The American people have given us a mandate to hold the powerful accountable, take on corruption, and lower costs for working families.

As Chairman, I will use every tool available to investigate the Trump Crime Family, corporate corruption, ICE immigration enforcement abuses, and the Epstein cover-up. We will follow the facts wherever they lead, demand answers, and make clear that no one is above the law. And we will put the economic struggles of working families at the center of our work.

Accountability and affordability go hand in hand. When the government is corrupted for personal gain over the public interest, Americans lose trust and taxpayer dollars are wasted. Our Committee must expose that corruption, protect the public, and help deliver a government that works for everyone, not just the wealthy and well-connected.

I would be honored to earn your vote for Chairman of the House Committee on Oversight and Government Reform. Thank you for your trust, your partnership, and your leadership.

The Trump Administration and the powerful interests that have exploited our government should know that a new era of truth and justice is coming.
