

Congress of the United States
House of Representatives
Washington, DC 20515

March 28th, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the City of Maywood Sewer Project in the fiscal year 2024. The entity to receive funding for this project is the City of Maywood, located at 4319 East Slauson Avenue, City of Maywood, California, 90270.

Previously supported with community project funding secured by longtime community champion Congresswoman Lucille Roybal-Allard, this critical project, authorized by Section 8375 in the 2022 Water Resources Development Act for \$10 million, will prevent sanitary sewer overflows, and other problems such as blockages, equipment failures, broken pipes, or vandalism. Urgent investments are needed to safeguard public health in a disadvantaged community, which happens to be the densest city in California.

The project has a Federal nexus because the funding provided is for purposes authorized by 33 U.S. C §1383. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Robert Garcia
Member of Congress
